

NOW HIRING

RANCH MANAGER

The Veebaray Company (V-A) is a 5th generation family-owned cattle ranch located outside of Enid, MT. Our mission is to raise premium livestock in an economical and environmentally responsible manner for our customers and to build a sustainable business for future generations. We operate a 600 head cow/calf herd, currently transitioning to a Hereford/ Angus Cross, on 16,000 contiguous acres. The Veebaray Ranch utilizes holistic management practices in partnership with Montana Fish Wildlife and Parks and NRCS.

The terrain is primarily rangeland that is a varied mix of rolling hills, wooded coulees, draws, and rough outcroppings. The ranch also includes approximately 150 acres of cover crop and another 250 acres of dry crop land that is in the process of being reverted to rangeland with a mix of native grasses. The varied habitat supports healthy populations of upland gamebirds, mule and whitetail deer and pronghorn antelope. Occasional elk and moose are also to be found in the more remote portions of the ranch.
